Charging & Remissions Overarching Statement

Our Trust aims to have robust, clear processes in place for each academy for charging and remissions. Each academy has a charging and remissions policy where activities which are charged for are clearly set out. This includes when charges will and will not be made. We aim to offer a range of activities and visits whilst minimising the financial barriers that may prevent some of our young people from taking full advantage of these opportunities.

The policy for academy is based on the advice from the Department for Education (DfE) on charging for school activities and the Education Act 1996, sections 449 to 462 of which set out the law on charging for school activities in England. Academies are required to comply with this Act through their funding agreement. It's also based on guidance from the DfE on statutory policies for schools and academy trusts.
